## Associations

Start Up Program, Incubator Café,  
Business Brunch/Open Crash Course,  
Matchmaking

## Top 5 Competences

### ① Business Development

General business development.

### ② Business plans

Strategic plans (business idea, market, target group, mission, vision). The best business plan is the one helping you understand your own business and is not just a steady document.

### ③ Problem solving.

Using problems as a way to achieve and integrate knowledge. Sometimes you have to find A solution and not THE solution.

### ④ Matchmaking

Matchmaking between teams and those who are interested in joining one. I plan activities, which establish relationships.

### ⑤ Fundraising

I have experience in helping startups raising funds. (No specific)

## Education

B.Sc. Economics and Business Administration from Aalborg University, 2016.

M.Sc. Organization and Strategy from Aalborg University, 2018.

## Startup Experience

I am not an entrepreneur myself, but I have been working with startups in my previous employment. As a business developer, I have been working with different startups and helping them solve several different issues when starting up a business.
